

Aereo Gymnastics COVID-19 Protocols for Recreational Fall 2020

Registration

Any customers with credits from the previously cancelled classes will be permitted to apply 50% of their total credit toward registration for a Fall 2020 class. The remaining 50% can be applied to a future class at Aereo with no expiry date.

Registration payment options are to pay 50% at registration and 50% the first day of class, or to hand in 4 post dated cheques upon registration. Any customer choosing to pay 50% at registration and the balance the first day of class must pay the 50% balance the first day of class. No gymnast with an outstanding balance will be permitted entry to the facility once the program begins. Following the first day of class no parents will be permitted in the facility except for emergency purposes.

Possible Pause in Classes

If for reasons due to COVID-19 or any other health related or government mandated closures classes will be pushed into the new year and scheduled on the same days and times as per registered class. Aereo will not be providing refunds or credits of any kind as the total number of classes will still be met.

Drop-Off and Pick-Up

Parents are not permitted entry to the facility unless an emergency. At Drop-Off, coaches will meet participants at the door and escort them into the gym for class. Participants must have their COVID-19 self assessment form with them and signed to be granted entry for each class. For Pick-Up, parents are to wait outside the facility for the coach to bring the participants up at the end of class. To ensure participants get the full time of their class, parents are asked to arrive in the parking lot 5-10 minutes before class begins and 5-10 minutes prior to the end of class. The door will be locked 10 minutes after the start time of each class. Any participant that has not arrived by that time will not attend class that day and parents will not be reimbursed for missed classes due to tardiness.
